Angel Tree developed the letter-writing kit with the hope that it would help children with a parent in prison grow in their relationship with God and with their families. It is our prayer that through the use of this letter-writing kit, your family will grow stronger as a unit. We believe in the power of Jesus Christ to change lives and to bring people back together, even when they face enormous challenges. You can see positive changes in a number of ways: wanting to attend church more, asking questions about God, showing more positive attitudes at home, school, or with friends, having a better relationship with their caregiver, and/or having a better relationship with their incarcerated parent. Would you please take a few minutes with your child to ask him/her to tell you what he/she thinks of the letter-writing kit? If you have used the kit directly with your child, please also take a moment to complete the caregiver survey.
